subject: Signed Comp Plan Petition

petition: I request the county to adjust the current comprehensive plan update schedule. Please redesign the update schedule to allow sufficient time for substantive citizen input to ensure topics such as vision, density, carrying capacity, sustainability, resilience and compliance with Growth Management Act are thoroughly discussed and appropriate solutions explored, not just for the 20 year planning period but up to ultimate buildout. We ask this because the current comprehensive plan ignores our county's vision statement and leads to a resident and visitor population that far exceeds our resources. Our current course threatens our way of life, rural character, and our community. I feel the community deserves greater input and engagement on the update process.
