Subject: Comment regarding second draft Vision Amendments

Dear Members of the SJC Planning Commission,

Please consider this e-mail a public comment received for the meeting of the Planning Commission on March 16th, 2018.

I would like to request the addition of a new stand-alone section to the Vision dedicated to Agriculture.

Please add a new stand-alone section to the Vision dedicated to Agriculture. Existing references to agriculture are scattered between several of the Vision Statement elements but there is no statement that accurately reflects the importance of agriculture to our community. There were abundant comments during the interviews, pop-up studios and workshops that demonstrate the community's desire to take bold measures to strengthen our local agricultural economy. Our updated Vision should reflect that desire.

All my best,

Robert
