

San Juan County's Road Levy

How does the road levy lid lift impact the Road Fund over time?

Under our current road levy, the County may only collect 1% more than the previous year plus the amount of new construction.

$$\text{Previous Year's Total} + 1\% + \text{New Construction} = \text{Total Funds Collected}$$

If the permanent single-year lid lift passes, the levy lid bumps up more than 1% in the first year, and then that amount is used to calculate all future limitations. The following year, and all years to follow, revert to increasing by no more than 1% plus the amount of new construction.

$$\text{Year One} = \text{New levy amount of } \$1 \text{ per } \$1,000 \text{ of assessed value} = \text{Total Funds Collected.}$$

$$\text{All years to follow} = \text{Previous Year's Total} + 1\% + \text{New Construction} = \text{Total Funds Collected}$$

Illustrative Example – Road Levy Does Not Pass

Tax Year 2022	<i>Previous Year's Total + 1%</i>	New Construction	Total Collected
	\$4,966,640	\$61,208	\$5,027,848
			One percent limit by RCW 84.55
Tax Year 2023	<i>Previous Year's Total + 1%</i>	New Construction	Total Collected
	\$5,078,126	\$68,875	\$5,147,001

Illustrative Example – Road Levy Passes

Tax Year 2022	<i>Previous Year's Total + 1%</i>	New Construction	Total Collected
	\$4,966,640	\$61,208	\$5,027,848
			New levy amount, which is a one-time change
Tax Year 2023	<i>Assessed Value x \$1.00/\$1,000</i>	New Construction	Total Collected
	\$11,673,912	N/A	\$11,673,912
			One percent limit by RCW 84.55
Tax Year 2024	<i>Previous Year's Total + 1%</i>	New Construction	Total Collected
	\$11,790,651	\$61,208	\$11,851,859
		<i>Example only</i>
