Hello,

I am writing to voice my support for increased environmental protections for San Juan County. I firmly believe that San Juan County is the most beautiful county in the state. This beauty deserves and needs protection. Please support climate resiliency and strong environmental stewardship in San Juan County. Please designate more lands as highly protected Natural Resource Lands, incentivize transitions away from fossil fuels, protect rural areas from overdevelopment, and help reduce solid waste and energy use County-wide.

Please also put a special emphasis on protecting the endangered Southern Resident Orcas that are icons of the San Juans. With your help, we can safeguard the ecosystem for generations to come.

Thank you for your time,
Henry Roller
