Council members and DCD committee members,

I am a long time resident of Eagle Crest on Crestview Drive. It is baffling that any redesignation of rural residential is even happening. By your own rules both parcels on Crestview Drive do not qualify for redesignation as active mining.

Given the contempt Myron has shown for the neighbors and any rules regarding wetlands, permits and operating practices it is amazing that his request for redesignation is even being considered.

His claims that the quarry was a going concern before we all bought property up here is simply not true as well. The quarry was not a going concern 30 years ago when we bought our place.

The neighborhood will be watching closely what you all do.

Thank you,

Elizabeth Farr

272 Crestview Drive
